

Vision One® Discount Program

Get “Eye-Opening” Discounts

The Vision One discount program is available to Aetna U.S. Healthcare® members through Cole Vision® at no additional cost. This program may help you and your family save on many eye care products, including eyeglasses and contact lenses, nonprescription sunglasses, contact lens solutions and accessories.

Now, Vision One also offers a discount on the laser vision correction procedure called Lasik (Laser In-Situ Keratomileusis).

Through Vision One, You Have Access to:

- Savings on prescription *and* nonprescription eye care items
- A wide selection of designer frames and brand-name contact lenses
- A discount program for the whole family
- Thousands¹ of locations nationwide
- Unlimited use of the program with no maximums
- Evening and weekend hours
- PLUS ...
 - No referrals
 - No claims forms
 - Immediate discounts
 - No waiting for reimbursement
 - Major credit cards accepted
- **New** — A 15 percent discount off the provider’s usual charge for Lasik corrective surgery

It’s as Easy as 1-2-3

The Vision One program (except Lasik surgery) is available at many optical centers nationwide — including Sears, JCPenney, Target, participating Pearle Vision centers and others — as well as through selected independent optometrist and ophthalmologist offices.

1. Find the Location Nearest You

Call 1-800-793-8616 to access the automated locator 24 hours a day, 7 days a week. Representatives are also available weekdays from 9 a.m. to 9 p.m. ET and Saturdays from 9 a.m. to 5 p.m. ET. Or go to the Aetna U.S. Healthcare website at www.aetnaushc.com and click on DocFind®, then select Vision One.

2. Schedule an Eye Exam

Regular eye exams are an important part of preventive care. *If your health benefits plan covers eye exams*, you should follow your plan’s guidelines and consult your provider directory for a list of participating optometrists and ophthalmologists. Your out-of-pocket expenses could be lower if you follow the plan requirements. Most providers at Vision One locations participate in Aetna U.S. Healthcare’s independent provider network.

If your health benefits plan does not cover eye exams, you can receive an exam at a discount through Vision One. Schedule an appointment with a Vision One provider and receive an eye exam for \$34; a contact lens eye exam is available at \$10 off the retail fee. Most Vision One locations have doctors of optometry practicing on the premises or at a location nearby.

3. Save on Eyewear

When you visit a Vision One location, show your Aetna U.S. Healthcare ID card, and any applicable services or merchandise you receive will be discounted right at the point of purchase. There are no claims forms to complete and no waiting for reimbursement.

Need to Replace Contact Lenses?

After you purchase your first pair of contact lenses at a Vision One or another eye care location, you can utilize the Vision One program again for additional pairs. Vision One gives you two ways to purchase these replacement contact lenses. You may have your prescription refilled at a participating Vision One location. Or you can order replacement contact lenses through the mail using the Vision One Contact Lens Replacement program. You will receive the brand-name lenses your doctor prescribed but generally at a lower cost. For more information about the Vision One Contact Lens Replacement program, call 1-800-391-LENS (5367).

Interested in Lasik Surgery?

Through Vision One, you and each member of your family can receive 15 percent off the provider’s usual charges for Lasik surgery — the laser vision correction procedure — through Cole’s National Lasik Network. Included in the discounted price is patient education, an initial screening, the Lasik procedure and follow-up care. If you are found not to be a candidate for this procedure, you will not be charged for the initial consultation.

To find the closest surgeons,* call 1-800-422-6600 and speak to a Lasik customer service representative. Then, contact one of these providers to schedule your initial screening. When you go for your visit, show your Aetna U.S. Healthcare ID card and indicate that you are part of the Cole Vision One discount program. If you are found to be a candidate and wish to have the procedure performed, just schedule a surgery date with the provider. Then, call Lasik Customer Service (at the number above) with the date of your surgery and pay a deposit not to exceed \$300 per eye. At that time, you will receive an authorization number so that you can receive the appropriate discount. In addition, your surgeon will receive written confirmation verifying your discount and the amount of your deposit. Your discount and deposit will be deducted from the surgeon’s fee at the time of treatment.

*Lasik surgery discounts are offered by Cole/LCA – Vision, LLC through the National Lasik Network of LCA Vision, Inc. Cole/LCA – Vision, LLC providers are not participating providers with Aetna U.S. Healthcare Inc. and/or its affiliates.

¹Vision One locations, Cole Vision Network List as of July 2000.
